SEMINAR

Cybersecurity: The Akamai Chronicles

Susanna Simari Benigno – Valentina Angeleri

Serena Riganti – Luca Trotta

Akamai

May 29, 2024 - h. 10:00

Magenta Seminar Room, D Floor

Department of Electrical, Computer and Biomedical Engineering

Abstract: Dive into the fascinating world of cybersecurity with Akamai in this compelling seminar. Akamai massively distributed edge and cloud platform puts user experiences in the fast lane and keeps nefarious cyber threats in the rearview mirror. Discover why cutting-edge companies around the globe trust Akamai to enhance, deliver, and safeguard their digital landscapes.

Throughout this seminar, we will take a deep dive into the inner workings of Akamai and how we serve our diverse customer base, offering participants a holistic view of the strategies and technologies we deploy against cyber threats. Learn firsthand how Akamai actively identifies, combats, and neutralizes dangers, ensuring that your digital interactions – whether they are transactions, gaming sessions, or simple communications – are secure and uninterrupted.

Prepare to be both informed and entertained as we journey through the dynamic and sometimes shadowy world of cyber defense.

Biographies: **Susanna Simari Benigno**, a proud graduate in computer engineering of the University of Pavia, is Security Consultant at Akamai. **Valentina Angeleri**, a proud graduate in electronic engineering at the University of Pavia, is a Solutions Engineer at Akamai working in the cloud and security space. **Serena Riganti** is an experienced passionate Sales Executive at Akamai who works in the cybersecurity world with the most important Italian customers and players. **Luca Trotta** is an IT Professional with over two decades of experience in the industry, holding the position of Security Architect Senior at Akamai SOCC (Security Operation Command Center).
